

Competency, at all levels

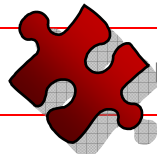

Customised competency training and coaching for groups or individuals

We are specialists in:

- Learning and Development including succession planning & management
- Competency management
- Training programme development
- Competency development, design and delivery
- Assessor training – in-house or to A1
- In-house verifier training
- Train the in-house trainer
- Train the in-house coach

Management Coaching

We specialise in Leadership, Management and Employee development and assessment. With strong focus on development and delivery of training/learning and development programmes to aid organisational change.

Line manager overview

Our line manager overview will highlight any development needs in:

- Integrity
- Managing emotions
- Managing existing and future work
- Managing individuals within the team

and the outcome will demonstrate any required coaching, such as:

- Improving ones effectiveness
- Where to prioritise
- Managing difficult situations
- Managing behaviour

We focus on what people can do and build from there.
Let us know your requirements and we will endeavour to fulfil your needs.
