Competency in the workplace *Assessor and Verifier courses*

Visit www.ays-ltd.co.uk for the list of competency services we offer

These courses can be customised to suit your company's processes and requirements.

These interactive tutor led courses develop the delegates' knowledge and understanding of the assessment / verification process enabling them to carry out their assessor / verifier role confidently and proficiently.

This gained knowledge will facilitate them to carry out the assessment in a professional manner.

We can include a module covering their company's competency recording software.

Competency

- In-house Assessor course
- Assessor training incorporating A1
- In-house Verifiers course
- Train the in-house coach
- Train the in-house trainer

**We also offer:
Competency development, design and delivery**
